

SBTi WHISTLEBLOWING POLICY

Version 2.0

June 2025

ABOUT SBTi

The Science Based Targets initiative (SBTi) is a corporate climate action organization that enables companies and financial institutions worldwide to play their part in combating the climate crisis.

We develop standards, tools and guidance which allow companies to set greenhouse gas (GHG) emissions reductions targets in line with what is needed to keep global heating below catastrophic levels and reach net-zero by 2050 at latest.

The SBTi is incorporated as a UK charity, with a subsidiary SBTi Services Limited, which hosts our target validation services. Partner organizations who facilitated SBTi's growth and development are CDP, the United Nations Global Compact, the We Mean Business Coalition, the World Resources Institute (WRI), and the World Wide Fund for Nature (WWF).

Science Based Targets Initiative is a registered charity in England and Wales (1205768) and a limited company registered in England and Wales (14960097). Registered address: First Floor, 10 Queen Street Place, London, England, EC4R 1BE. SBTI Services Limited is a limited company registered in England and Wales (15181058). Registered address: First Floor, 10 Queen Street Place, London, England, EC4R 1BE. SBTI Services Limited is a wholly owned subsidiary of Science Based Targets Initiative. © SBTi 2025

1. PURPOSE

This policy describes the process for staff and other stakeholders to report whistleblowing concerns and the protections afforded to those reporting such concerns.

2. OBJECTIVE

2.1 The Science Based Targets initiative (***SBTi**^{*}) places ethics, integrity and compliance with regulatory and best practice standards at the core of all its operations and recognises that maintaining the highest standards of staff conduct is integral to achieving this aim.

2.2 This policy has been developed to:

- Support the prompt identification and reporting of actual or potential malpractice in the workplace;
- Provide examples of specific behaviours or actions that may constitute malpractice;
- Describe the procedure for reporting malpractice concerns;
- Clarify the process for the investigation, review and resolution of workplace malpractice;
- Provide assurance to all that anyone reporting malpractice concerns will be protected from reprisal, victimisation or dismissal, regardless of the investigation outcome, where concerns are raised in good faith and without malice.

2.3 This policy should not be used for complaints relating to your own personal circumstances, such as the way you have been treated at work. In those cases, you should use the Grievance & Disciplinary Procedure.

3. APPLICABILITY

3.1 This policy applies to SBTi, its affiliates and any other parties working with or on behalf of those entities (on-site or remotely), including volunteers and those who perform work for or represent SBTi through consulting or other services.

3.2 **Whistleblowing** is the disclosure of information which relates to suspected wrongdoing or malpractice at work. This may include:

- Criminal activity;
- Failure to comply with any legal or regulatory requirement;
- Financial wrongdoing, including theft, bribery, fraud and money-laundering;
- Abuse of position;
- Endangerment of the health and safety of individuals;
- Activity which could bring the SBTi into disrepute;
- Non-compliance with applicable policies;
- Unethical conduct;
- Sexual misconduct;
- Failure to carry out duties (professional negligence);

• The concealment of any of the above activities.

3.3. A **whistleblower** is a person who raises a concern relating to any of the above.

4. RAISING A WHISTLEBLOWING CONCERN

4.1 To the extent feasible, you should seek to raise any whistleblowing concerns with your line manager in the first instance.

4.2 However, where you do not feel comfortable contacting your line manager or if you consider it more appropriate to escalate the concern in the first instance, you should contact the Whistleblowing Officer. Contact details are set out at the end of this policy.

4.3 You should set out, wherever possible, the following information:

- Names of involved parties;
- Relevant dates, times and locations;
- Whether anyone is at immediate risk of harm;
- How and when you first became aware of the issue;
- Description of the event or reported concern;
- Whether you have disclosed this information to anyone else;
- Any actions taken.

4.4 The Whistleblowing Officer will arrange a meeting with you as soon as possible to discuss your concern.

5. CONFIDENTIALITY

5.1 We hope that staff will feel able to voice whistleblowing concerns openly under this policy. However, if you want to raise your concern confidentially, we will not disclose your identity.

5.2 If disclosures are made anonymously, we will make every effort to investigate. You should be aware that proper investigation may be more difficult or impossible if we cannot obtain further information from you or disclose your details during the course of the investigation.

5.3 Where the reported concern involves legal issues, the Whistleblowing Officer may consult a member of the legal team or external counsel.

5.4 Where the reported concern could constitute a criminal offence, it may also be referred to the police as part of the investigation.

6. INVESTIGATION AND OUTCOME

6.1 Once you have raised a concern, we will carry out an initial assessment to determine the scope of any investigation. You may be required to attend a meeting in order to provide further information or additional meetings as necessary. We will inform you of the outcome of our assessment.

6.2 Unless prevented from providing specific details for confidentiality reasons, we will aim to keep you informed of the progress of the investigation, including its likely timescale and the outcome. You should treat any information about the investigation as confidential.

6.3 If the whistleblowing concern relates to an issue which is governed by another SBTi policy, the concern will be investigated under that policy. In some cases we may appoint an investigator or team of investigators with relevant experience of investigations or specialist knowledge of the subject matter.

6.4 If misconduct is proved during the course of an investigation, the outcome may include disciplinary action or dismissal for the person(s) proven to be implicated. If we conclude that a whistleblower has made false allegations maliciously, the whistleblower will be subject to disciplinary action.

7. CONTACTS

7.1 The Whistleblowing Officer shall be the Head of People & Culture. If the Whistleblowing Officer is unavailable or the concern relates to the Whistleblowing Officer, such concerns may be reported to the Head of Legal who will act in the place of the Whistleblowing Officer.

7.2 To submit a whistleblowing concern, please email

<u>hrcomplaints@sciencebasedtargets.org</u> with the subject line "Confidential Whistleblowing Concern".

8. POLICY REVIEW

This policy will be reviewed on an annual basis.

DRIVING AMBITIOUS CORPORATE CLIMATE ACTION
